ABOUT ME

I'm a 19 year old guy obsessed with technology and entrepreneurship. - basically Technological Entrepreneurship. As an aspiring teenage entrepreneur, I have been lucky to have the opportunity to be mentored by some of the greatest Indian entrepreneurs during my time as an Entrepreneur In Residence (EiR) at Global superangels forum, India.

I've worked with some pretty cool startups spread across the globe in the past including RidinGo, Gogosu, UreferJobs and the like. I have also been a contributor to various open source projects such as Fedora and Apertium.

I am currently pursuing B.Tech in Computer Science from KIIT University, Bhubaneswar.
